

JOURNAL OF THE HOUSE

SECOND REGULAR SESSION, 90th GENERAL ASSEMBLY

FORTY-FOURTH DAY, TUESDAY, MARCH 28, 2000

Speaker Gaw in the Chair.

Prayer by Father David Buescher.

Heavenly Father, God of Law and Love, give us Your blessing and hear our prayers.

We look around Your creation, and behold, our surroundings are changing from the browns and grays of Winter to the panoply of colors marking rebirth, growth, and life. So may we, in spirit and in truth.

Our legislative session is almost three-fourths over. As the crunch of the last days' work lays heavy on these Representatives' shoulders, as nerves become frayed and tempers short, may we, at least briefly, attend to our state around us coming back to vegetative life, and may we take heart. You are here also, in our hearts and in our bones, bringing Your law through bud, to blossom, to fruition.

We claim Your sunshine and moisture nourishing us in the soil of Your care and love here, now and always. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Ben Kelley, James Kelley, Lauren Kelley, Megan Marriott, Jimmy Schutz, Brandon Schutz, Bret Morton, Andrew Morton, Chance Legaspi, Angelica McAllister, Brandon Ludwinski, Andrea DuMont, Meaghan Schulz, Jacob Kostedt, Nikaela Toner, Alex Genova, Michaela Brogato, Joshua Wilson, Cody Wilson and Thomas Kuelker.

AMEND House Substitute for House Committee Substitute for House Bill Nos. 1172, 1501, 1633, 1440, 1634, 1177 & 1430, Page 4, Section 407.020, Line 15, by inserting after all of said line the following:

"407.025. 1. Any person who purchases or leases [goods or services] **merchandise** primarily for personal, family or household purposes and thereby suffers an ascertainable loss of money or property, real or personal, as a result of the use or employment by another person of a method, act or practice declared unlawful by section 407.020, may bring a private civil action in either the circuit court of the county in which the seller or lessor resides or in which the transaction complained of took place, to recover actual damages. The court may, in its discretion, award punitive damages and may award to the prevailing party attorney's fees, based on the amount of time reasonably expended, and may provide such equitable relief as it deems necessary or proper.

2. Persons entitled to bring an action under subsection 1 of this section may, if the unlawful method, act or practice has caused similar injury to numerous other persons, institute an action as representative or representatives of a class against one or more defendants as representatives of a class, and the petition shall allege such facts as will show that these persons or the named defendants specifically named and served with process have been fairly chosen and adequately and fairly represent the whole class, to recover damages as provided for in subsection 1 of this section. The plaintiff shall be required to prove such allegations, unless all of the members of the class have entered their appearance, and it shall not be sufficient to prove such facts by the admission or admissions of the defendants who have entered their appearance. In any action brought under this section, the court may in its discretion order, in addition to damages, injunction or other equitable relief and reasonable attorney's fees.

3. An action may be maintained as a class action in a manner consistent with Rule 23 of the Federal Rules of Civil Procedure and Missouri rule of civil procedure 52.08 to the extent such state rule is not inconsistent with the federal rule if:

- (1) The class is so numerous that joinder of all members is impracticable;
- (2) There are questions of law or fact common to the class;
- (3) The claims or defenses of the representative parties are typical of the claims or defenses of the class; and
- (4) The representative parties will fairly and adequately protect the interests of the class; and, in addition
- (5) The prosecution of separate action by or against individual members of the class would create a risk of:
 - (a) Inconsistent or varying adjudications with respect to individual members of the class which would establish incompatible standards of conduct for the party opposing the class; or
 - (b) Adjudications with respect to individual members of the class which would as a practical matter be dispositive of the interests of the other members not parties to the adjudications or substantially impair or impede their ability to protect their interests; or
- (6) The party opposing the class has acted or refused to act on grounds generally applicable to the class, thereby making appropriate final injunctive relief or corresponding declaratory relief with respect to the class as a whole; or
- (7) The court finds that the questions of law or fact common to the members of the class predominate over any questions affecting only individual members, and that a class action is superior to other available methods for the fair and efficient adjudication of the controversy. The matters pertinent to the findings include:
 - (a) The interest of members of the class in individually controlling the prosecution or defense of separate actions;
 - (b) The extent and nature of any litigation concerning the controversy already commenced by or against members of the class;
 - (c) The desirability or undesirability of concentrating the litigation of the claims in the particular forum;
 - (d) The difficulties likely to be encountered in the management of a class action.

4. (1) As soon as practicable after the commencement of an action brought as a class action, the court shall determine by order whether it is to be so maintained. An order under this subdivision may be conditional, and may be altered or amended before the decision on the merits.

(2) In any class action maintained under subdivision (7) of subsection 3, the court shall direct to the members of the class the best notice practicable under the circumstances, including individual notice to all members who can be identified through reasonable effort. The notice shall advise each member that:

- (a) The court will exclude him in the class if he so requests by a specified date;
 - (b) The judgment, whether favorable or not, will include all members who do not request exclusion; and
 - (c) Any member who does request exclusion may, if he desires, enter an appearance through his counsel.
- (3) The judgment in an action maintained as a class action under subdivision (5) of subsection 3 or subdivision (6) of subsection 3, whether or not favorable to the class, shall include and describe those whom the court finds to be members of the class. The judgment in an action maintained as a class action under subdivision (7) of subsection 3, whether or not favorable to the class, shall include and specify or describe those to whom the notice provided in

subdivision (2) of subsection 4 was directed, and who have requested exclusion, and whom the court finds to be members of the class.

(4) When appropriate an action may be brought or maintained as a class action with respect to particular issues, or a class may be divided into subclasses and each subclass treated as a class, and the provisions of this section shall then be construed and applied accordingly.

5. In the conduct of actions to which this section applies, the court may make appropriate orders:

(1) Determining the course of proceedings or prescribing measures to prevent undue repetition or complication in the presentation of evidence or argument;

(2) Requiring, for the protection of the members of the class or otherwise for the fair conduct of the action, that notice be given in such manner as the court may direct to some or all of the members of any step in the action, or of the proposed extent of the judgment, or of the opportunity of members to signify whether they consider the representation fair and adequate, to intervene and present claims or defenses, or otherwise to come into the action;

(3) Imposing conditions on the representative parties or on intervenors;

(4) Requiring that the pleadings be amended to eliminate therefrom allegations as to representation of absent persons, and that the action proceed accordingly;

(5) Dealing with similar procedural matters.

6. A class action shall not be dismissed or compromised without the approval of the court, and notice of the proposed dismissal or compromise shall be given to all members of the class in such manner as the court directs.

7. Upon commencement of any action brought under subsection 1 of this section, the plaintiff or plaintiffs shall inform the clerk of the court in which such action is brought, on forms to be provided by such clerk, that the action is brought under this section. The clerk of the court shall forthwith inform the attorney general of the commencement of such action, together with a copy of the complaint or other initial pleading, and, upon entry of any judgment or decree in the action, the clerk shall mail a copy of such judgment or decree to the attorney general.

8. Any permanent injunction, judgment or order of the court made under section 407.100 shall be prima facie evidence in an action brought under this section that the respondent used or employed a method, act or practice declared unlawful by section 407.020."; and

Further amend the title, enacting clause, and intersectional references accordingly.

- (2) Is either a citizen or bona fide resident of the state of Missouri or entitled to a license [under] **pursuant to** section 333.051, or a resident in a county contiguous and adjacent to the state of Missouri who is employed by a funeral establishment located within the state of Missouri, to practice embalming upon the grant of a license to do so;
- (3) Is a person of good moral character;
- (4) Has graduated from an institute of mortuary science education accredited by the American Board of Funeral Service Education, or any successor organization recognized by the United States Department of Education, for funeral service education. If an applicant does not appear for the final examination before the board within five years from the date of his **or her** graduation from an accredited institution of mortuary science education, his **or her** registration as

a student embalmer shall be automatically canceled;

(5) Upon due examination administered by the board, is possessed of a knowledge of the subjects of embalming, anatomy, pathology, bacteriology, mortuary administration, chemistry, restorative art, together with statutes, rules and regulations governing the care, custody, shelter and disposition of dead human bodies and the transportation thereof or has passed the national board examination of the Conference of Funeral Service Examining Boards. If any applicant fails to pass the state examination, he **or she** may retake the examination at the next regular examination meeting. The applicant shall notify the board office of his **or her** desire to retake the examination at least thirty days prior to the date of the examination. Each time the examination is retaken, the applicant shall pay a new examination fee in an amount established by the board;

(6) Has been employed full time in funeral service in a licensed funeral establishment and has personally embalmed at least twenty-five dead human bodies under the personal supervision of an embalmer who holds a current and valid Missouri embalmer's license or an embalmer who holds a current and valid embalmer's license in a state with which the Missouri board has entered into a reciprocity agreement during an apprenticeship of not less than twelve consecutive months. "Personal supervision" means that the licensed embalmer shall be physically present during the entire embalming process in the first six months of the apprenticeship period and physically present at the beginning of the embalming process and available for consultation and personal inspection within a period of not more than one hour in the remaining six months of the apprenticeship period. All transcripts and other records filed with the board shall become a part of the board files.

4. If the applicant does not appear for oral examination within the five years after his **or her** graduation from an accredited institution of mortuary science education, then he **or she** must file a new application and no fees paid previously shall apply toward the license fee.

5. Examinations required by this section and section 333.042 shall be held at least twice a year at times and places fixed by the board. The board shall by rule and regulation prescribe the standard for successful completion of the examinations.

6. Upon establishment of his **or her** qualifications as specified by this section or section 333.042, the board shall issue to the applicant a license to practice funeral directing or embalming, as the case may require, and shall register the applicant as a duly licensed funeral director or a duly licensed embalmer. Any person having the qualifications required by this section and section 333.042 may be granted both a license to practice funeral directing and to practice embalming.

7. The board shall, upon request, waive any requirement of this chapter and issue a temporary funeral director's license, valid for six months, to the surviving spouse or next of kin or the personal representative of a licensed funeral director, or to the spouse, next of kin, employee or conservator of a licensed funeral director disabled because of sickness, mental incapacity or injury.

333.042. 1. Every person desiring to enter the profession of funeral directing in this state shall make application with the state board of embalmers and funeral directors and pay the current application and examination fees. Applicants not entitled to a license [under] **pursuant to** section 333.051 shall serve an apprenticeship for at least twelve months in a funeral establishment licensed for the care and preparation for burial and transportation of the human dead in this state or in another state which has established standards for admission to practice funeral directing equal to, or more stringent than, the requirements for admission to practice funeral directing in this state. The applicant shall devote at least fifteen hours per week to his **or her** duties as an apprentice under the supervision of a Missouri licensed funeral director. Such applicant shall submit proof to the board, on forms provided by the board, that the applicant has arranged and conducted ten funeral services during the applicant's apprenticeship under the supervision of a Missouri licensed funeral director. Upon completion of the apprenticeship, the applicant shall appear before the board to be tested on the applicant's legal and practical knowledge of funeral directing, funeral home licensing, preneed funeral contracts and the care, custody, shelter, disposition and transportation of dead human bodies. Upon acceptance of the application and fees by the board, an applicant shall have twenty-four months to successfully complete the requirements for licensure found in this section or the application for licensure shall be canceled.

2. If a person applies for a limited license to work only in a funeral establishment which is licensed only for cremation, including transportation of dead human bodies to and from the funeral establishment, he **or she** shall **make application, pay the current application and examination fee and** successfully complete the [written] **Missouri law** examination [pursuant to subsection 1 of this section; however, he is]. **He or she shall be** exempt from the [six-month internship, six-month] **twelve-month** apprenticeship and the practical examination before the board. If a person has

a limited license issued pursuant to this subsection, he **or she** may obtain a full funeral director's license if he **or she** fulfills the [internship,] apprenticeship and [practical knowledge test requirements of subsection 1 of this section] **successfully completes the funeral director practical examination.**

3. If an individual is a Missouri licensed embalmer or has graduated from an institute of mortuary science education accredited by the American Board of Funeral Service Education or any successor organization recognized by the United States Department of Education for Funeral Service Education, or has successfully completed a course of study in funeral directing offered by a college accredited by a recognized national, regional or state accrediting body and approved by the state board of embalmers and funeral directors, and desires to enter the profession of funeral directing in this state, the individual shall comply with all the requirements for licensure as a funeral director pursuant to subsection 1 of section 333.041 and subsection 1 of this section; however, the individual is exempt from the twelve-month apprenticeship required by subsection 1 of this section.

333.061. 1. No funeral establishment shall be operated in this state unless the owner or operator thereof has a license issued by the board.

2. A license for the operation of a funeral establishment shall be issued by the board, if the board finds:

(1) That the establishment is under the general management and the supervision of a duly licensed funeral director;

(2) That all embalming performed therein is performed by or under the direct supervision of a duly licensed embalmer;

(3) That any place in the funeral establishment where embalming is conducted contains a preparation room with a sanitary floor, walls and ceiling, and adequate sanitary drainage and disposal facilities including running water, and complies with the sanitary standard prescribed by the department of health for the prevention of the spread of contagious, infectious or communicable diseases;

(4) Each funeral establishment shall have available in the preparation or embalming room a register book or log which shall be available at all times in full view for the board's inspector and the name of each body embalmed, place, if other than at the establishment, the date and time that the embalming took place, the name and signature of the embalmer and [his] **the embalmer's** license number shall be noted in the book; and

(5) The establishment complies with all applicable state, county or municipal zoning ordinances and regulations.

3. The board shall grant or deny each application for a license [under] **pursuant to** this section within thirty days after it is filed[, and no prosecution of any person who has filed an application for such license for violation of this section shall be maintained unless it is shown that his application was duly denied by the board and that he was duly notified thereof]. **The applicant may request in writing up to two thirty-day extensions of the application, provided the request for an extension is received by the board prior to the expiration of the thirty-day application or extension period.**

4. Licenses shall be issued [under] **pursuant to** this section upon application and the payment of a funeral establishment fee and shall be renewed at the end of the licensing period on the establishment's renewal date.

5. The board may refuse to renew or may suspend or revoke any license issued [under] **pursuant to** this section if it finds, after hearing, that the funeral establishment does not meet any of the requirements set forth in this section as conditions for the issuance of a license, or for the violation by the owner of the funeral establishment of any of the provisions of section 333.121. No new license shall be issued to the owner of a funeral establishment or to any corporation controlled by such owner for three years after the revocation of the license of the owner or of a corporation controlled by the owner. Before any action is taken [under] **pursuant to** this subsection the procedure for notice and hearing as prescribed by section 333.121 shall be followed.

333.081. 1. Each license issued to a funeral director or embalmer [under] **pursuant to** this chapter shall expire unless renewed on or before the renewal date. The board may, however, provide for the renewal of licenses held by individuals who are not actively engaged in practice and who are over sixty-five years of age without fee. The board shall renew any such license upon due application for renewal and upon the payment of the renewal fee, except that no license shall expire during the period when the holder thereof is actively engaged in the military service of the United States. Any licensee exempted from the renewal of his **or her** license because of military service shall, before beginning practice in this state after leaving military service, apply for and pay the renewal fee for the current licensing period.

2. When renewing a funeral director's or embalmer's license the licensee shall specify the address of the funeral establishment at which he **or she** is practicing or proposes to practice and shall notify the board of any termination of his **or her** connection therewith. The licensee shall notify the board of any new employment or connection with a

funeral establishment of a permanent nature. If the licensee is not employed at or connected with a funeral establishment he shall notify the board of his **or her** permanent address.

3. [The board shall not renew any license more than ninety days after the renewal date but shall notify the licensee that his license has expired.] The holder of an expired license shall be issued a new license by the board within two years of the renewal date after he **or she** has paid delinquent renewal fees. Any license not renewed within two years shall be void.

4. Failure of the licensee to receive the renewal notice shall not relieve the licensee of the duty to pay the renewal fee and renew his **or her** license."; and
